Question 3 (continued):

c) Please provide the text of the requirement and/or the undertaking/declaration provided by exporters/applicants:	
Australia	The text of EFIC's 'no engagement in bribery' declaration is taken from paragraphs 1b)-d), e) and g) of the OECD's Recommendation on Bribery and Officially Supported Export Credits (adopted 14 December 2006) (the OECD Recommendation).
Austria	We confirm that neither we nor to the best of our knowledge any of our representatives are or will be engaged in bribery of foreign public officials (§ 307 Abs 1 Z1 & 6 StGB) in connection with the transaction(s) to be covered. We have taken note that there will be no guarantee cover in case of bribery of foreign public officials by us or by any of our representatives, even if it happens without our knowledge or against our strict order, and commit ourselves irrevocably for that case to repay without delay - within 30 days after your first demand at the latest - any amounts received under the guarantee plus interest - the interest rate being the variable rate of the Export Financing Scheme of OeKB plus 3 %.
Belgium	The undersigned certifies/certify: that both the exporter and the intervening bank have knowledge of the act of 9th June 1999 pertaining to the approval of the Convention on Combating Bribery of Foreign Public Officials in International Business Transactions, concluded on 17th December 1997 in Paris, as well as of the act of 9th February 1999 on combating corruption as modified by the act of 1st September 2006, Belgian Gazette of 4th May 2007, that they themselves as well as any person acting on their behalf (e.g. agents) comply and continue to comply with this legislation during the full term of the contract's execution, in the knowledge that any breach makes the parties concerned liable to penalties ranging from the cancellation of the insurance contract to the exclusion from any later concessional help, that they do not appear on publicly available exclusion lists of the following international financial institutions: the Worldbank group, he African Development Bank, the Asian Development Bank, the European Bank for Reconstruction and Development and the Interamerican Development Bank, that they commit to revealing whether they themselves or any person acting on their behalf as part of the transaction are being prosecuted before a national tribunal or an administrative court or, in the last five years, have been convicted by a national tribunal or have been subject to equivalent national administrative measures for infringement of laws on combating bribery of foreign public officials in whichever country, that he/they will inform ONDD and/or Finexpo as soon as possible of any modification and/or additional information with regard to the present declaration or the content of the form, that he/they observe the standards laid down by international criminal law (as described in the explanatory note) and by Belgian criminal law, in the knowledge that any infringement of international or Belgian criminal law means the exclusion of the right to indemnity under the insurance contract (taken from the following link - http://www.ondd.be/webondd/Website.nsf/AllWeb/DocumentsForms/$File/FormFinexpoUK.doc)
Canada	a) We, have not been and will not knowingly be party to any action which is prohibited by Canada's Corruption of Foreign Public Officials Act which makes it illegal for persons to, directly or indirectly, give, offer, or agree to offer a loan, reward, advantage or benefit of any kind to a foreign public official in order to obtain or retain an advantage in the course of business; b) Neither we, nor to the best of our knowledge, anyone acting on our behalf, are currently under charge, or within the last five years, have been convicted in a court for violation of laws against bribery of foreign public officials of any country; c) We agree to disclose to EDC, upon demand, the identity of persons acting on our behalf and the amount and purpose of commissions and fees paid, or agreed to be paid, to such persons. In addition to receiving declarations from exporters/applicants, we also require (in credit agreements) representations and covenants from borrowers that they are in compliance with all applicable laws, regulations and requirements of Governmental Authorities, and specifically including those related to corruption and bribery. EDC's program provides that a declaration from the exporter is required for all export support transactions except where EDC is supporting an export transaction by way of a participation in a syndicated facility where the importing country is an advanced economy (as defined by the IMF) and the parties to the contract are commercial entities, that is, where there is no involvement of foreign public officials and where anti-corruption legislation is well established. Notwithstanding this exception for requirement of a declaration from the exporter, underwriters continue to perform the requisite "know-your-customer" type due diligence on the parties involved, as do other syndicate partners.
