

# COAL INFORMATION

2008  
*with 2007 data*

A misallocation of data has been identified between a few countries of destination in Australia's steam coal export tables on pages III.15, III.34, III.53 and III.79 of *Coal Information, 2008 Edition, Part III, Detailed OECD Coal Data*.

The misallocation affects the exports of steam coal to Canada, Chinese Taipei, Total OECD, Total Non-OECD and Other Asia & Oceania for the years 2006 and 2007<sup>e</sup> only.

A corrected version of the four concerned pages is joined.

Please accept our apologies for any inconvenience caused.
