

## Corrigenda

Revised version 1 September 2010

### Page 86:

Figure 4.4. The European Union to dominate biodiesel supply and use

Please note that this figure has been corrected. The correct figure is:

### Page 183:

Table A.3. World trade projections

Please note that the projections concerning world biofuel trade have been corrected. The correct numbers are:

Biofuel <sup>2</sup>	Unit	Average										
		2007-09est.	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019
Ethanol World Trade	Mil l	4 465	5 956	7 473	7 771	8 191	9 293	10 755	11 376	13 199	14 630	15 634
Biodiesel World Trade	Mil l	2 269	2 669	2 659	3 026	3 386	3 772	4 032	4 090	4 132	4 234	4 332

### Page 195:

Table A.10. World oilseed projections

Please note that the projections concerning world palm oil production have been corrected. The correct numbers are:

	Unit	07/08-09/10est	10/11	11/12	12/13	13/14	14/15	15/16	16/17	17/18	18/19	19/20
		.										
of which palm oil	mt	43.9	47.6	49.9	52.4	54.8	57.1	59.4	61.8	64.2	66.5	68.8

**Pages 234 and 235:**

*Tables A.33. and A.34. Biofuel projections : Ethanol and Biodiesel*

Please note that the projections concerning world biofuel trade have been corrected. The correct numbers are:

Ethanol	NET TRADE <sup>2</sup> (MIL L)	
	Average 2007-09est.	2019
<b>TOTAL</b>	4 465	15 634

Biodiesel	NET TRADE <sup>2</sup> (MIL L)	
	Average 2007-09est.	2019
<b>TOTAL</b>	2 269	4 332
