Cristina
Rodríguez

Director of Climate Change Adaptation and Desertification
Ministry for Environment, Peru

Cristina Rodríguez Valladares is an economist with a master's degree in environmental economics from the University of York and sustainable development from the University of Rotterdam. She has extensive professional experience in the formulation and evaluation of public investment projects and implementation of policies in disaster risk management, as well as in adaptation to climate change. Since 2017, she has been the director of Adaptation to Climate Change and Desertification of the General Directorate of Climate Change and Desertification of the Ministry of the Environment.
