

PROPOSALS FOR FUTURE AMSDE AND OECD WORK

Ambassador Ton Boon von Ochssee
AMSDE Chair

DRAFT PROPOSALS BY THE AMSDE CHAIR

- 1) **COUNTRY REVIEWS** should assess performance and policies for links between economic, environmental and social concerns and integrated policy-making.
- 2) **MEASUREMENT AND ASSESSMENT** methodologies for SD should be developed to evaluate policies and country progress in economic, environmental and social terms.
- 3) **GOVERNANCE PRACTICES** to achieve sustainable development should be enumerated, building on OECD work on public governance, political economy of reform, and sustainable development.

PREVIOUS AMSDE PRIORITIES

- Climate change and sustainable development
- Sustainable consumption and production
- Sustainable trade and foreign investment
- Subsidy reform and sustainable development
- Economics of environment and health
- OECD Outlooks

OECD HORIZONTAL PROGRAMMES

- Political Economy of Reform (PER)
- Sustainable Development (SD)
- Policy Coherence for Development (PCD)
- Measuring the Progress of Societies
- Innovation Strategy
- Water
- Migration

DISCUSSION QUESTIONS

- 1) *Are you in agreement with the three main proposals for future SD work: country reviews, measurement and assessments, and governance?*
- 2) *How can we progress on previous AMSDE priorities? Are there other priorities for OECD SD work which should be added?*
- 3) *How can the coherence of OECD horizontal programmes be increased?*
