## Jorge Jiménez

---

Chief Executive Officer, MarViva Foundation, Costa Rica

Dr. Jorge Jiménez is the Chief Executive Officer at MarViva Foundation, a regional, non-profit organization that promotes the conservation and sustainable use of coastal and marine ecosystems in the Eastern Tropical Pacific. MarViva works in three strategic areas: Marine Spatial Planning, sustainable markets and institutional strengthening to achieve an integrated approach to marine management in the region.

Dr. Jiménez, specialist in biology and marine ecology, has developed extensive knowledge in the areas of: Marine Spatial Planning, Wetland Conservation and Biodiversity, Biodiversity Inventories, inter-institutional and multi-sectoral coordination, Information Systems Administration, and Database Development & Management. He has written over 70 peer-reviewed journal articles, 4 books and over 12 chapters in contribution to additional publications, including “Marine Spatial Planning: A Guide to Concepts and Methodological Steps”. He has acted as international speaker and Visiting Professor at institutions in the United States, Latin America, the Caribbean, Australia and Europe.
