

# Security Implications of Climate Change on the Sahel Region (SICCS)

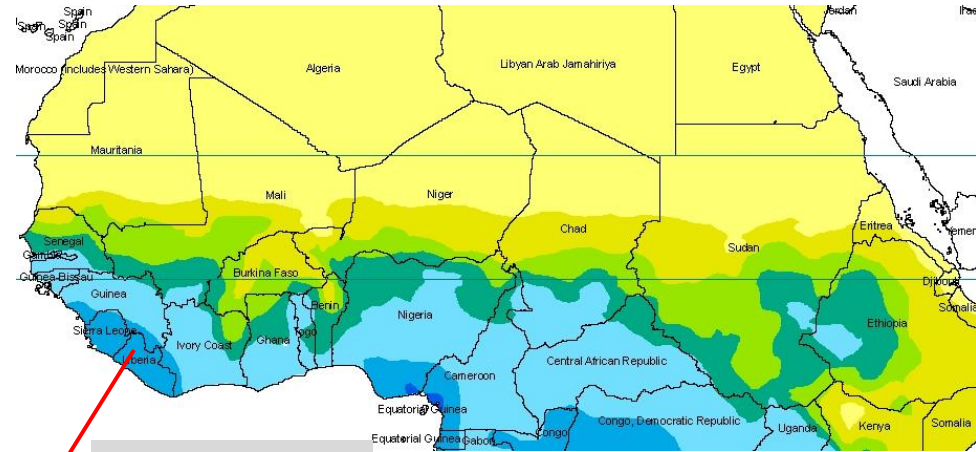

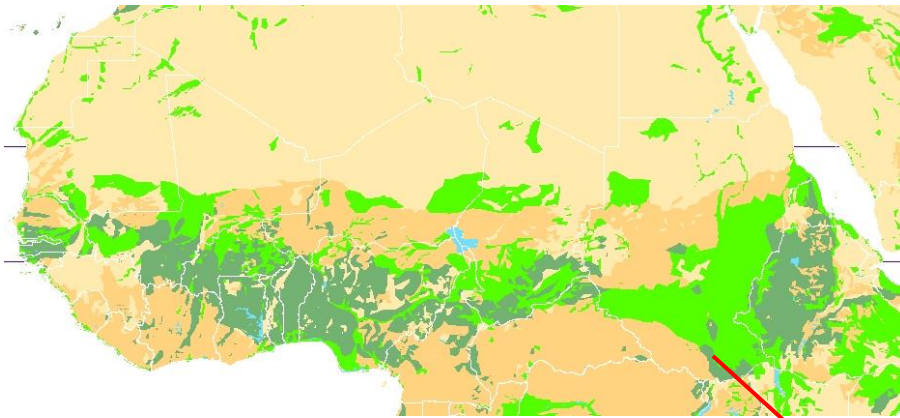

## Toward vulnerability maps

# HYDROGEOLOGICAL FORMATIONS AND RECHARGE

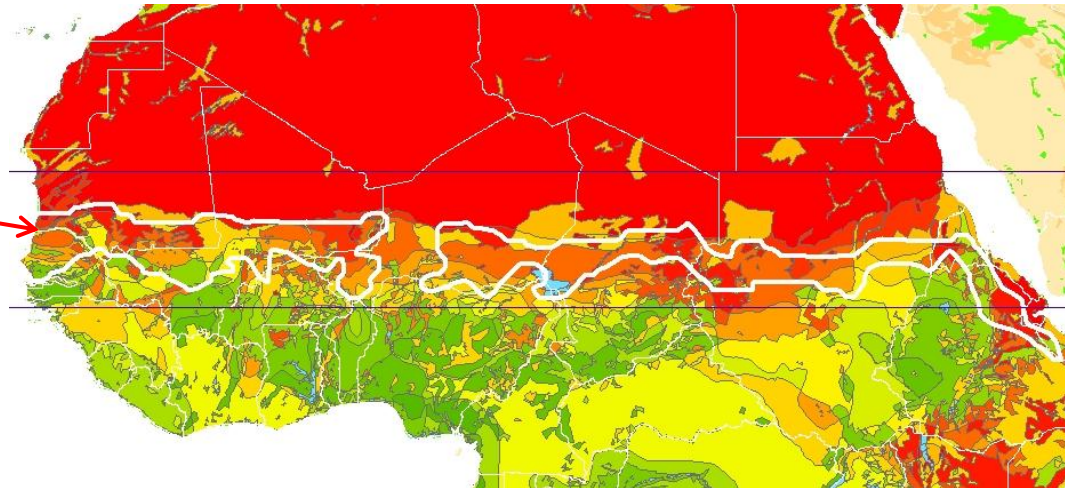

# SOILS CLASSIFICATION AND RECHARGE

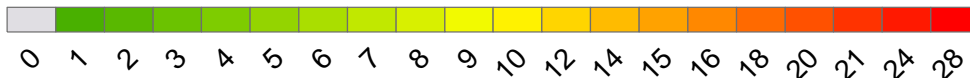

**INTERSECT**

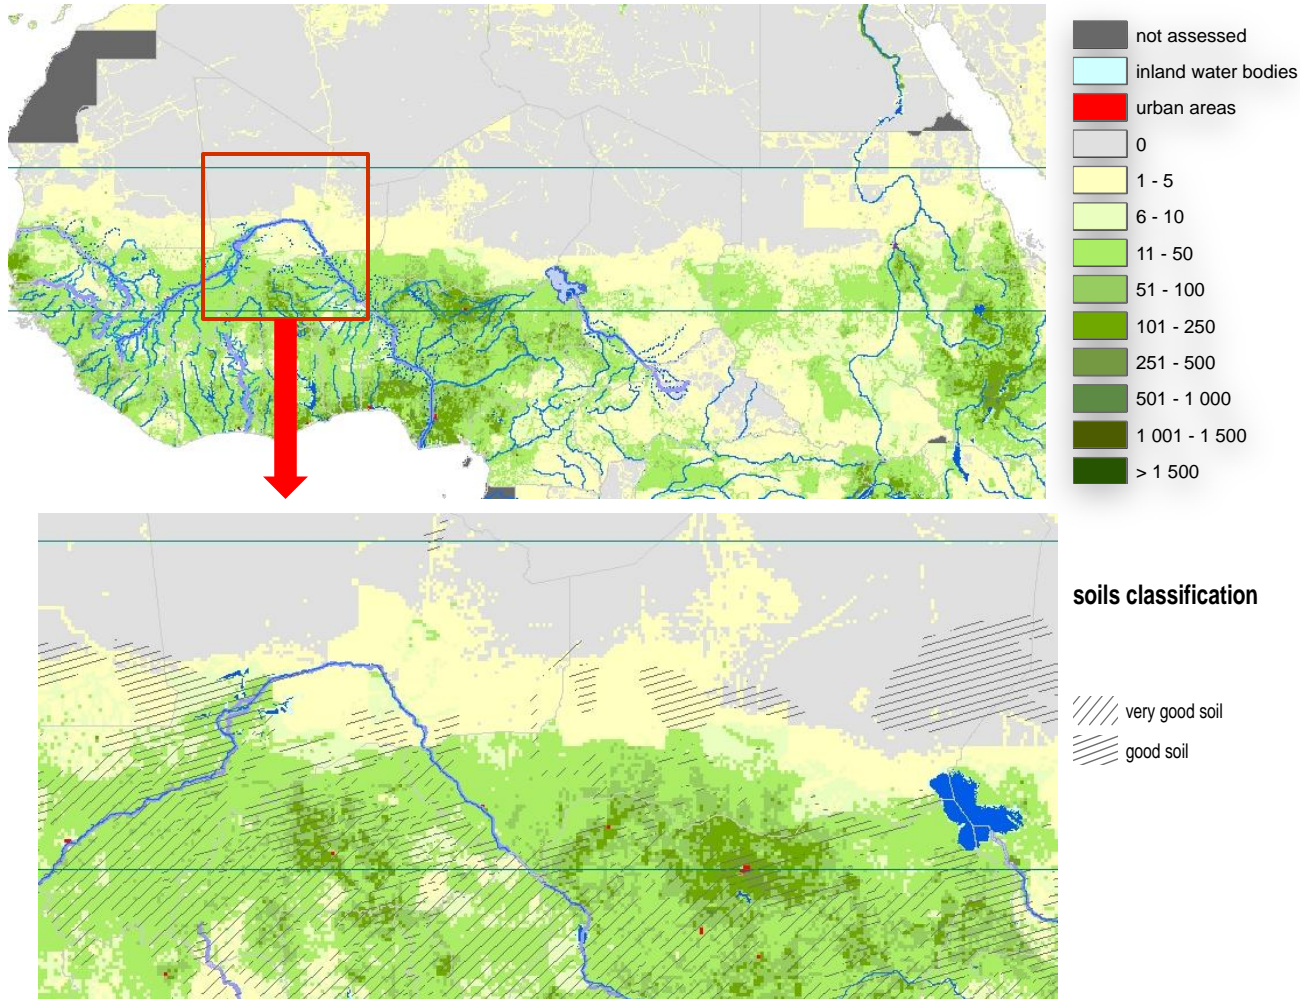

**AREAS OF STRONG SENSITIVITY TO CLIMATE CHANGES**

**Soils and groundwater recharge**

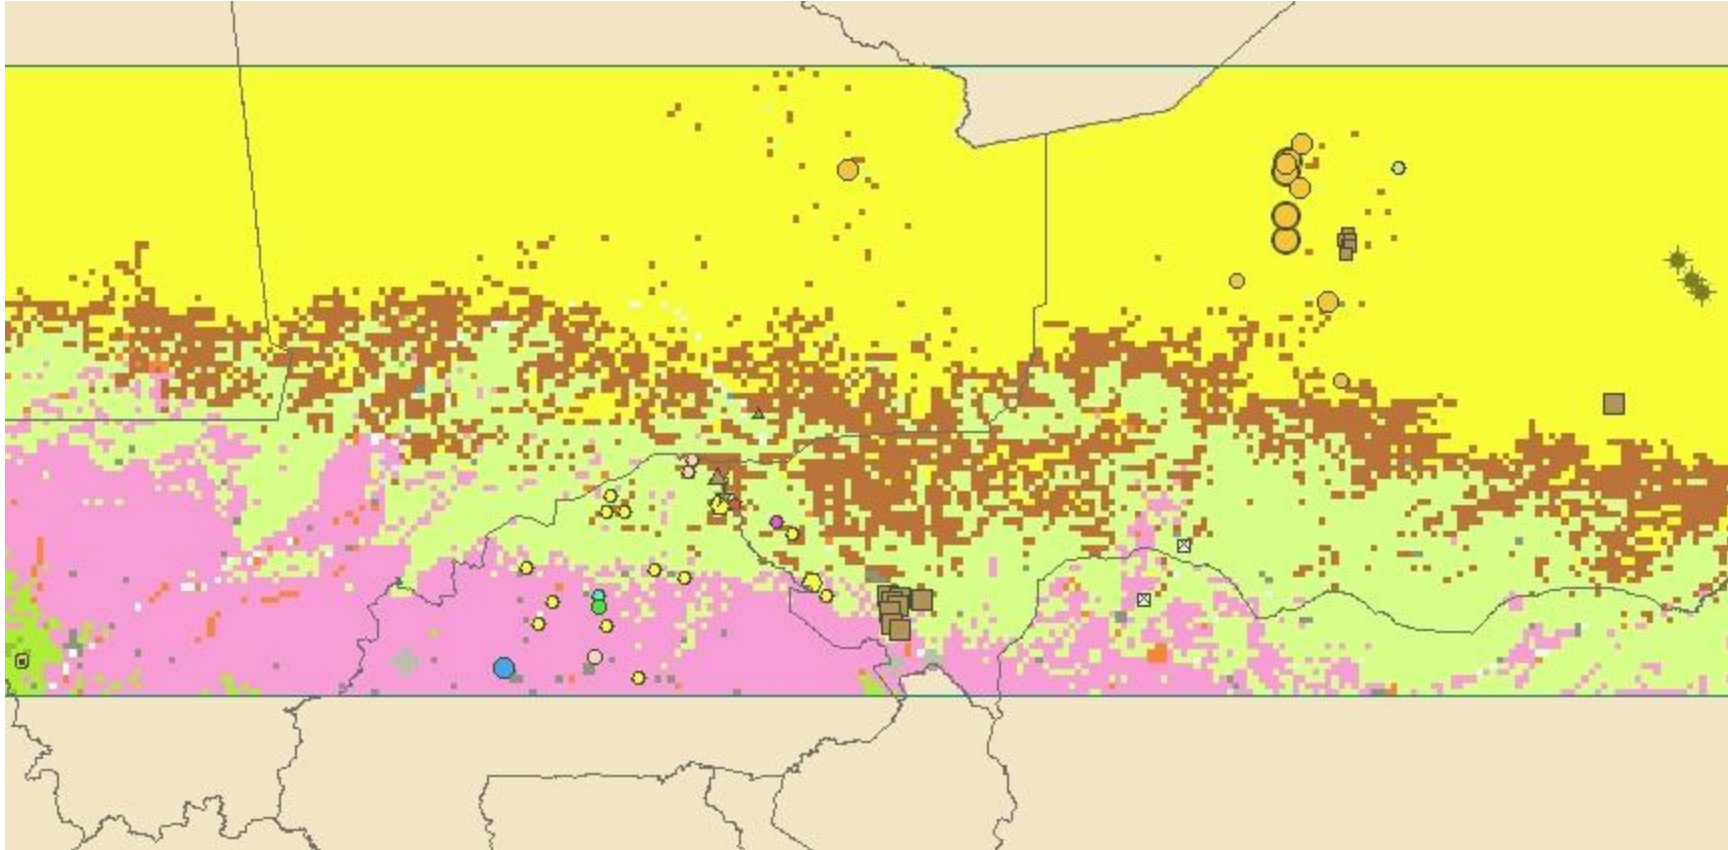

# RURAL POPULATION DENSITY / hydrographical network and soils classification

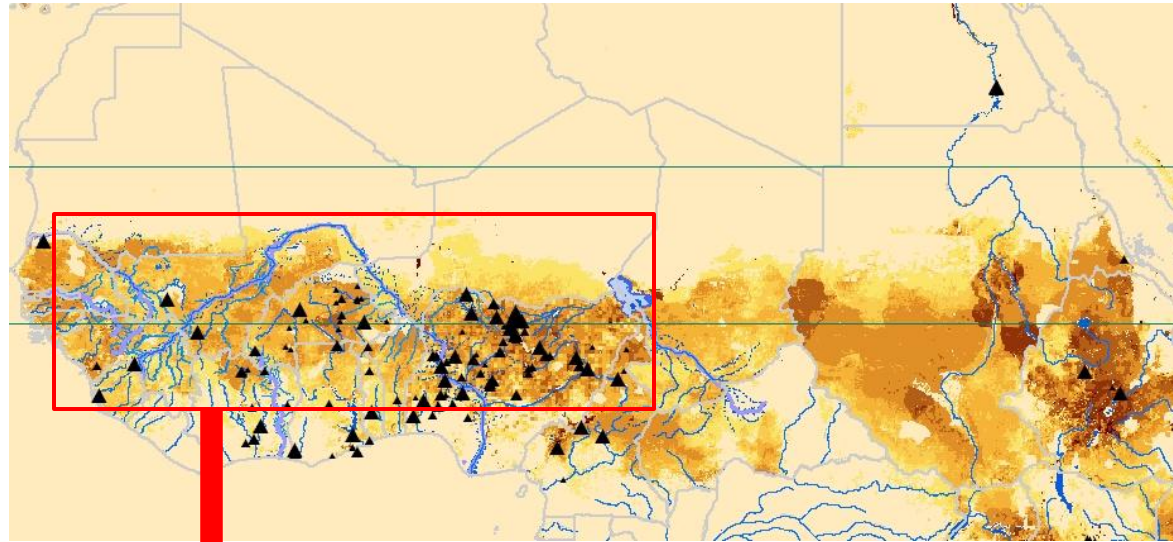

**Good soils and hydrographical network => high density of rural population**

# MINERAL DEPOSITS / LAND USE COMPETITION

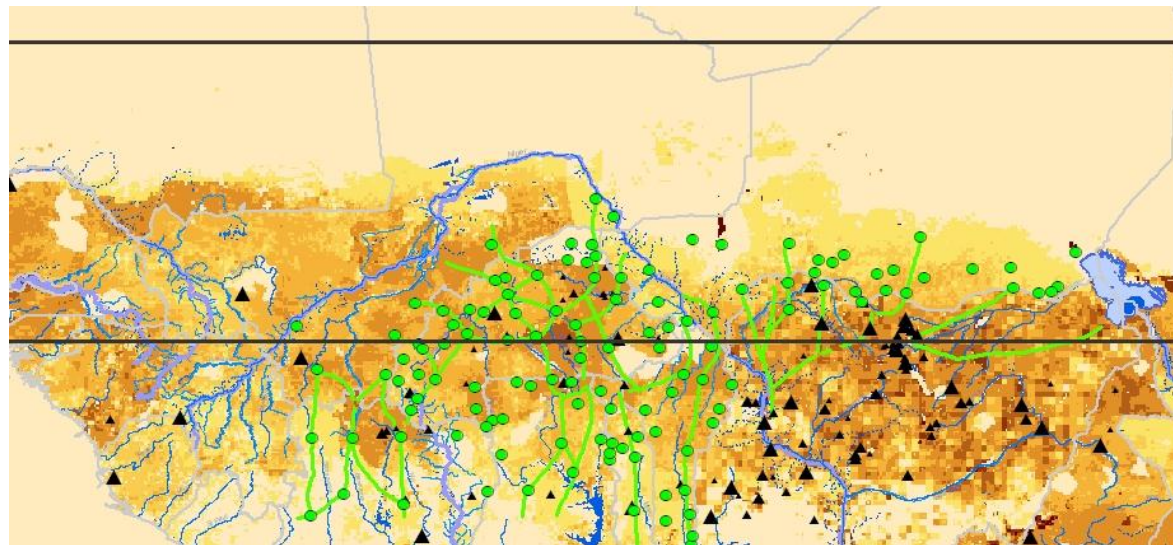

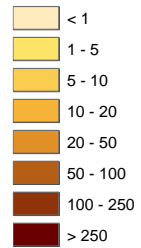

# CATTLE DENSITY

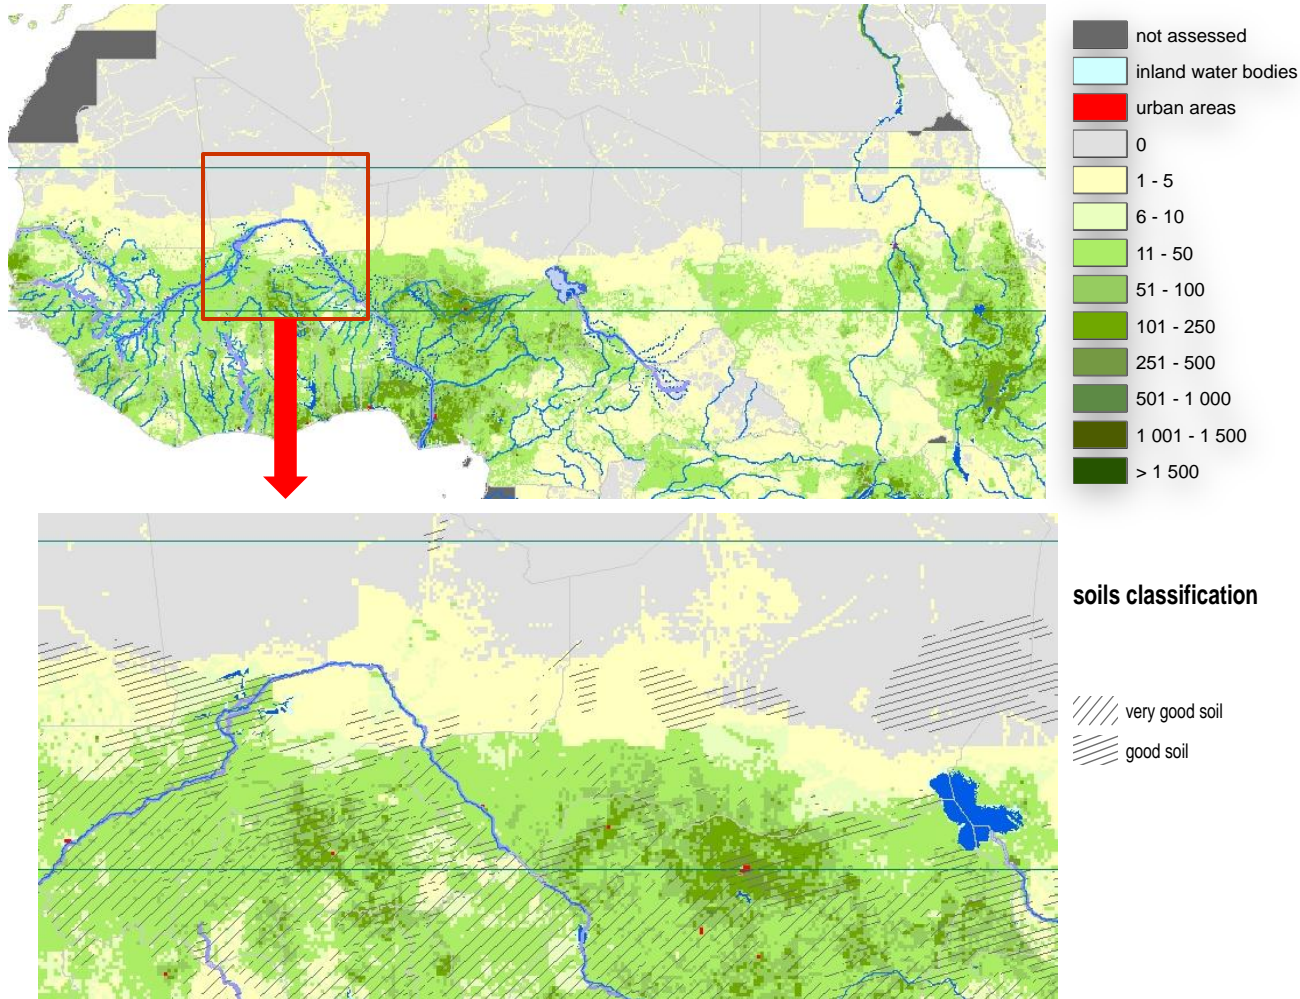

( transhumance localities  
— transhumance roads

**cattle density**

**Ajouter isoyete**

# RURAL POPULATION DENSITY / hydrographical network and soils classification

**Good soils and hydrographical network => high density of rural population**

# MINERAL DEPOSITS / LAND USE COMPETITION
